

July 14, 2011

Mr. Alex Gregor
Superintendent of Highways
Town of Southampton

Dear Mr. Gregor,

We have programmed the rehabilitation of the following crossing in Sagaponack:
Wainscott Harbor Rd., Saturday, July 23, 2011, 7:00 AM to 3:00 PM

The work involved will necessitate the complete closing of the crossing on the scheduled date. While the work is in progress, we will provide necessary flagman (MTAPD), detour signs and crossing protection. In addition, we will verbally contact the Southampton Police Department, Local Fire & Rescue Department and the local school district. We will do so again at least 24 hours in advance of the start of work.

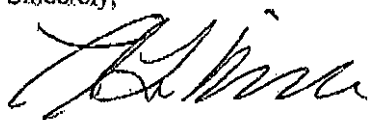

The work will entail digging with a Vermeer Road Cutter machine opening a 2-foot wide by 3 foot deep trench from west to east on the north side of tracks (approximately 10 to 15 feet off of running rail). We will be installing duct and cable.

If we are forced to cancel for any reason, your office will be notified and a mutually satisfactory alternate date will be arranged.

Attached for your information is a copy of the proposed detour routes.

Your cooperation in this endeavor would be greatly appreciated. Any questions please feel free to contact me at 718-558-7352. Alternate contact will be Arcie Baez at 516-369-4723.

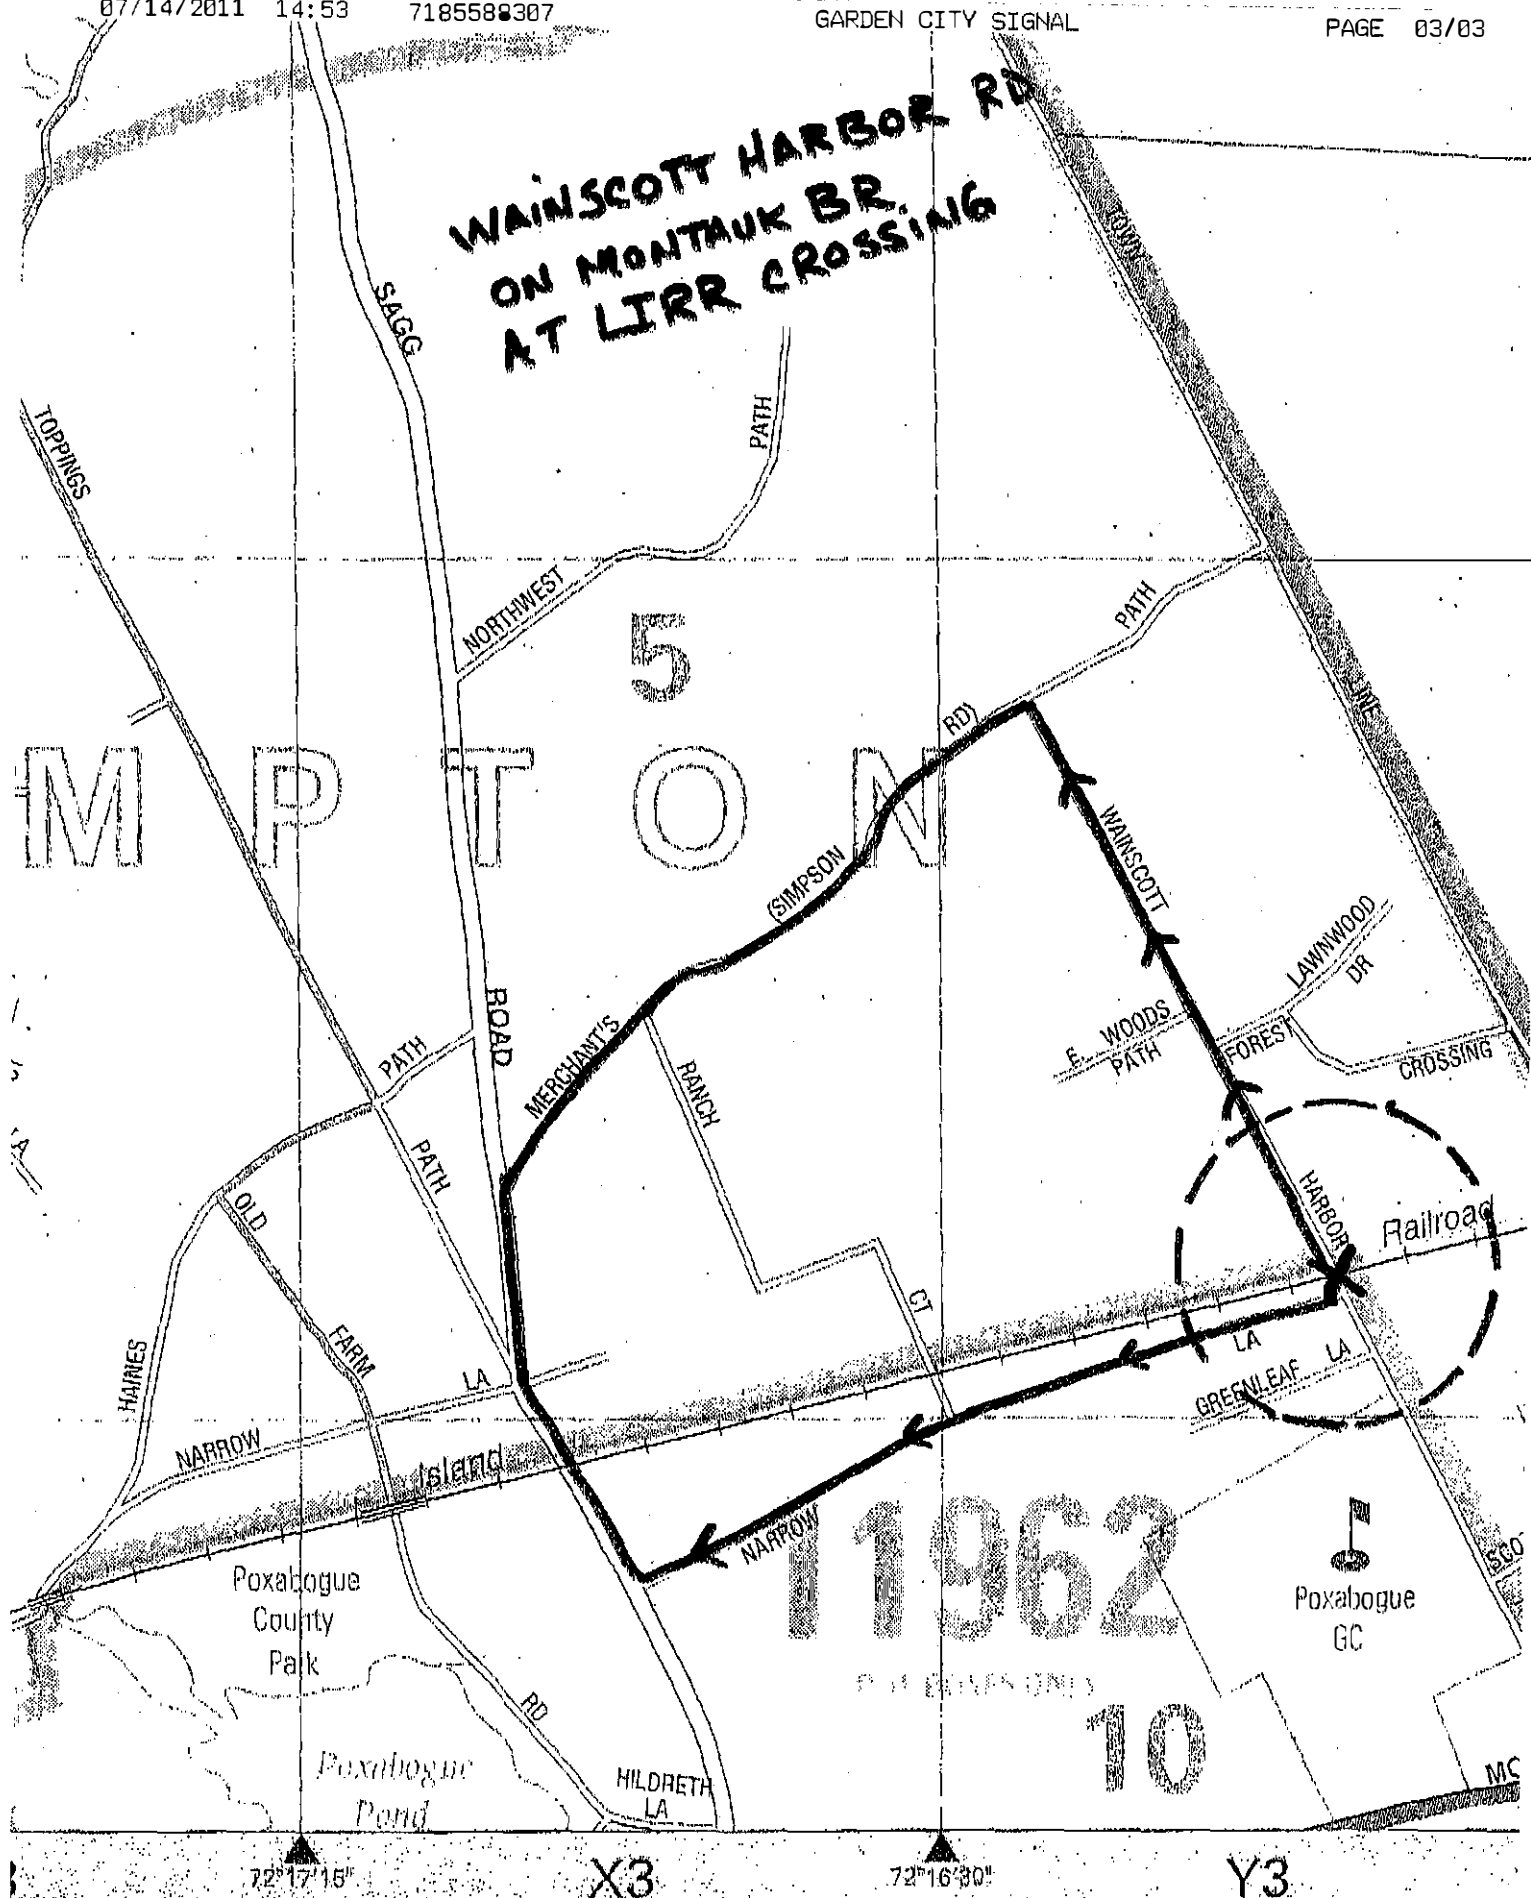

Sincerely,

Thomas La Bianca
Supervisor – Signal Construction
Long Island Rail Road

cc: M. Chieco – Assistant Engineer - Signal Construction
Captain Boyle – MTAPD
Lieutenant Laskowitz – MTAPD
